HIGHLIGHTS OF QUALIFICATIONS

- Enrolled in Level II of the **Software Engineering (B.Eng.) Co-op program** at McMaster University, eligible for a co-op in Spring 2024 (4-16 months), with a strong foundation in **programming and CAD tools**.
- Passionate about **problem-solving and innovation**, with a specific interest in exploring the intersection of software engineering and architecture.
- Strengthened **analytical and problem-solving abilities** to identify challenges and implement effective solutions using fundamental engineering techniques acquired through coursework and projects.
- Active member of **Google Developer Group** as a **Conferences Marketing Coordinator** and volunteer with **BAPS Charities**
- Seeking a **co-op position** to apply technical skills in real-world projects, contribute to collaborative teams, and gain **hands-on industry experience**.

EDUCATION

Bachelor of Engineering Co-op (BEng) | Software Engineering

Sept 2024 - Apr 2028 (Expected)

McMaster University, Hamilton ON (GPA 3.5/4)

- Currently enrolled in Level II of the program, maintaining a **strong academic standing**
- Developed strong foundation in **programming (Python, Java, C#, C)** and **CAD tools (AutoCAD, Inventor, Revit)**
- Related Courses: Software Development Skills, **Data Structures & Algorithms**, Computer Architecture, Digital Systems & Interfacing, **Object-Oriented Programming**

WORK EXPERIENCE

Engineering Student

June 2025 - Aug 2025

Behlen Industries LP

- Designed and rendered** detailed roof and wall components using **CAD software**, directly contributing to multiple **large-scale construction projects**.
- Created comprehensive, **step-by-step installation guides** to support on-site construction teams, ensuring clarity and efficiency during the build phase.
- Collaborated closely** with engineering teams to review and validate designs, ensuring the **accuracy and usability** of all technical documentation.

Cashier

Oct 2022 - Nov 2023

A&W

- Provided **friendly customer service** and processed financial transactions accurately in a **fast-paced setting**
- Maintained efficiency **under pressure** and ensured all orders were delivered correctly
- Collaborated with team members** to keep daily operations running smoothly

EXTRACURRICULARS ACTIVITIES

Conferences Team | Marketing Coordinator

Sept 2025 - Present

Google Develops Group - McMaster University

- Work with **Marketing Team** to promote our **hackathon** and increase **engagement**
- Plan and execute multi-media campaigns to increase **Hackathon awareness**
- Ensure **marketing guidelines** are followed on all promotional materials.

Volunteer

Jan 2017 - Present

BAPS Chatities

- Supported **fundraising initiatives** to advance **breast cancer research** efforts
- Collaborated on **community-driven projects** to promote health and environmental awareness
- Coordinated and assisted** in the organization of assemblies and cultural events

Runner-Up

2023 & 2024

Skills Manitoba - Architectural Technology and Design

PROJECTS

Narrator (Team Project)

2025

- Designed and prototyped** an integrated wearable device and mobile application for **ENG 1P13**, creating an **assistive technology solution** for individuals with combined vision and hearing loss
- Developed a system featuring a **clip-on camera** and **custom mobile app** that provides **real-time object identification and description**
- Engineered an **intuitive interface** that addresses limitations of traditional assistive tools, enhancing **user independence** in daily navigation tasks
- Implemented **computer vision capabilities** to deliver **on-demand environmental awareness**, significantly improving **user safety**

SKILLS

- Programming:** Python, Java, C#, C, MATLAB
- Software & Tools:** Git/GitHub, Linux, Bash, AutoCAD, Inventor, Revit, Microsoft Office
- Core Competencies:** Object-Oriented Programming (OOP), Algorithms, Data Structures, Technical Documentation
